Duffine Family Cardiac Transition Education Day: The Beat Goes On

Saturday, June 27, 2026

**The HUB for Clinical Collaboration
on CHOP's Main Campus**

Course Overview

An interactive, day-long conference for adolescents and young adults with congenital heart disease (CHD) and their families, to connect with other CHD patients and caregivers, and build knowledge and skills to succeed as an adult with congenital heart disease.

Target Audience

CHOP cardiology patients 16 and older, and their caregivers.
