TRANSPORT OF THE PEDIATRIC AND NEONATAL PATIENT
Interfacility transport of neonates and children requires advanced skills and knowledge among all members of the transport team. Positive outcomes can be achieved through communication and coordination between the referring and receiving care teams, careful evaluation and management, anticipation of complications, and a well-equipped and specially trained transport team.

This one-day conference will provide a comprehensive and multidisciplinary approach to clinical issues related to neonatal and pediatric transport. Topics will include cardiac, respiratory and neurologic disease; care studies and simulation will give participants the opportunity to explore challenges and evidence-based care guidelines. Family-centered care and management strategies for traumatic injuries will also be presented.

This course is intended for any member of the healthcare team involved in the stabilization and transport of neonates and children.

CONFERENCE OBJECTIVES
After the conference, each participant will be able to:

• Discuss current guidelines for practice for stabilization and transport of neonates and children.
• Demonstrate assessment and stabilization skills for the care and management of 40 patients.
• Discuss challenges in pediatric transport and possible solutions.

GENERAL INFORMATION
The conference will be held at the Schuylkill Conference Center at Children's Hospital of Philadelphia. The registration fee is $125 single and double occupancy plus 15.2 percent room tax. Participants are required to make their own hotel reservations by calling the hotel directly at 215-387-8300. A block of rooms has been reserved at reduced rates at The Sheraton University City, located just a few blocks from Children’s Hospital. The group override rate is $172 single and double occupancy plus a 15.2 percent room tax. Participants are required to make their own hotel reservations by calling the hotel directly at 215-387-8300. Please note that the conference concludes at noon on Sept. 1. After that, participants, registration will be accepted on a space and rate availability basis.

CANCELLATION AND REFUND POLICY
Children’s Hospital of Philadelphia reserves the right to cancel or postpone any course due to unforeseen circumstances. In the event of cancellation or postponement, Children’s Hospital of Philadelphia will refund any registration course due to any unforeseen circumstances. In the event of cancellation or postponement, Children’s Hospital of Philadelphia will refund any registration.

CONTINUING NURSING EDUCATION APPROVED PROVIDER STATEMENT
Children’s Hospital of Philadelphia is an approved provider of continuing nursing education by the Pennsylvania State Nurses Association, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation.

RESPIRATORY ACCREDITATION STATEMENT
Pricing approval from The American Association for Respiratory Care, this conference will be eligible for its Respiratory Care Credit Policy.

EMS ACCREDITATION
Application for Continuing Education credit has been submitted to the Pennsylvania Department of Health Bureau of EMS through Children’s Hospital of Philadelphia. Your CEUs will be applied to your Status Report within two weeks of the conclusion of the symposium. Providers from other states will be provided with a certificate of attendance.

RESPIRATORY ACCREDITATION STATEMENT

Pending approval from The American Association for Respiratory Care, this conference will be eligible for 9.0 Continuing Respiratory Care Education contact hours.

EMS ACCREDITATION

Application for Continuing Education credit has been submitted to the Pennsylvania Department of Health Bureau of EMS through Children’s Hospital of Philadelphia. Your CEUs will be applied to your Status Report within two weeks of the conclusion of the symposium. Providers from other states will be provided with a certificate of attendance.

COURSE INFORMATION

Interfacility transport of neonates and children requires advanced skills and knowledge among all members of the transport team. Positive outcomes can be achieved through communication and coordination between the referring and receiving care teams, careful evaluation and management, anticipation of complications, and a well-equipped and specially trained transport team. This one-day conference will provide a comprehensive and multidisciplinary approach to clinical issues related to neonatal and pediatric transport. Topics will include cardiac, respiratory and neurologic disease. Case studies and simulation will give participants the opportunity to explore challenges and evidence-based care guidelines. Family-centered care and management strategies for traumatic injuries will also be presented.

This course is intended for any member of the healthcare team involved in the stabilization and transport of neonates and children.

CONFERENCE OBJECTIVES

After the conference, each participant will be able to:

• Discuss current guidelines for practice for stabilization and transport of neonates and children.
• Summarize assessment and stabilization skills for the care and management of 44 patients.
• Discuss challenges in pediatric transport and possible solutions.

GENERAL INFORMATION

The conference will be held in the Sixth and Tristram Colket, Jr. Translational Research Building at Children’s Hospital of Philadelphia. The registration fee is $125 and includes continental breakfast, breaks, lunch, parking and syllabus material.

HOTEL ACCOMMODATIONS

A block of rooms has been reserved at reduced rates at The Sheraton University City, located just a few blocks from Children’s Hospital. The group overnight rate is $172 and includes continental breakfast, break, lunch, parking and syllabus material.

CANCELLATION AND REFUND POLICY

Children’s Hospital of Philadelphia reserves the right to cancel or postpone any course due to an unforeseen circumstance. In the event of cancellation or postponement, Children’s Hospital of Philadelphia will refund any registration fees, less a $40 service charge, but is not responsible for any related costs, charges or expenses to participants, including cancellation charges assessed by airlines or travel agencies. In order to process refunds for course withdrawals, cancellations must be requested in writing by Friday, Sept. 1. No refunds will be issued thereafter.
