## COURSE OVERVIEW

The primary care provider for children frequently faces challenges in the diagnosis and management of allergic, immunologic and infectious disorders.

This course is intended to provide a practical review and an update of new trends and published guidelines in these areas for pediatricians, family practitioners, nurse practitioners, nurses and other healthcare professionals.

## GENERAL INFORMATION

The conference will be held in the Ruth and Tristram Colket, Jr. Translational Research Building on the Raymond G. Perelman Campus on Friday, Oct. 12, 2018. Registration will begin at 7:30 a.m. The registration fee includes breakfast, lunch, breaks, parking and syllabus materials.

## COURSE OBJECTIVES

After attending this program, the participant should be able to:

- Share the latest research on penicillin allergy diagnosis and management
- Provide practical guidance for families related to myths surrounding food allergy
- Provide updates to families about the influenza vaccine and increased viral activity last year

## REGISTRATION FEES

The registration fee includes registration materials, continental breakfast, lunch, breaks and parking. As part of our green initiative, syllabus material will be available online.

Physician ..... \$175  
Other Healthcare Providers ..... \$75
