Topics you'll learn about include:

- The future of pediatric and congenital cardiovascular disease
- Past lessons that inform clinical care today
- Outcomes for patients with Fontan circulation
- What's new in cardiac intensive care
- Practical solutions to common heart problems
- A rapid-fire Q & A session with world experts on hot topics in the field
- Breakout sessions on child health advocacy, prenatal cardiac care, condition-specific concerns and much more!

Why you should attend Cardiology 2020:

- Exposure to the latest knowledge updates in the field
- Opportunities for networking and socializing
- Special sessions for nursing, perfusion specialists and healthcare administrators
- Pre-conference sessions on: the right ventricle, quality of life in CHD care, and a CHD primer for nurses and frontline staff
- Time to enjoy Disney's parks and all that central Florida has to offer
- 5K Heart Fun Run, Yoga for Your Heart and other fun activities
- More than 30 credits for physicians, nurses and perfusion specialists
