

**Interoception, The Eighth Sense: A Practical
Evidence-based Approach to Developing
Self-regulation, Behavior, Language and
Social Participation**

VIRTUAL CONFERENCE

Thursday and Friday • Oct. 21 and 22, 2021

chop.cloud-cme.com

**Children's Hospital
of Philadelphia**

Breakthroughs. Every day.

COURSE OVERVIEW

Increase the effectiveness of your treatments using the latest evidence-based research on interoception. This course will help you improve your clients' functioning in self-regulation, language development, positive behavior and social participation. Evidence-based treatment strategies to assess and improve interoception will be the focus of this course. Highlights from "The Interoception Curriculum," a step-by-step framework for improving interoception will also be included. Participants will learn how to adapt all strategies to effectively meet a variety of clients' needs and improve client outcomes. The strategies presented in this course are effective for use in many different settings including home, schools, community and clinic.

THIS COURSE IS BEING CO-SPONSORED BY POTA

COURSE OBJECTIVES

Upon completion of this program, the participant will be able to:

1. Define and understand interoception, our 8th sensory system, as well as recent research in effectiveness
2. Interpret results from at least two methods for assessing interoception
3. Apply at least three strategies for building interoception into your caseload and setting
4. Synthesize research foundations of interoception with the knowledge of the needs of your caseload
5. Design treatment plans for your clients to improve outcomes in language development, positive behavior, social participation, and independence

TARGET AUDIENCE

This course is designed for occupational therapists, speech-language pathologists, mental health providers, behaviorists, educators, and physical therapists working in a variety of settings including schools, clinics, rehab, acute care (psych), group homes/residential programs, autism centers, and behavior health programs.
