Children's Hospital  
of Philadelphia

Breakthroughs. Every day.

## Course Overview

This one-day conference for hearing healthcare professionals will address the assessment and management of children with unilateral hearing loss. Presenters will share research, best practice guidelines and outcomes of patients with unilateral hearing loss. Case studies highlighting patients with unilateral hearing loss from diagnosis through hearing technology recommendations and aural rehabilitation will also be discussed.

## General Information

Attendees have the option of attending the conference at the Leonard and Madlyn Abramson Pediatric Research Center at Children's Hospital of Philadelphia or virtually via livestream application.

### In-person Registration\*

Professionals: ..... \$125

Students: ..... \$95

Includes continental breakfast, lunch and parking.

### Virtual Registration

Professionals: ..... \$100

Students: ..... \$70

*\*If the in-person conference cannot be held due to changing COVID-19 guidelines, registrations will be changed to virtual and attendees will be refunded the difference.*

## Course Objectives

Upon completing this course, participants will be able to:

- Describe how timely diagnosis and implementation of hearing technology improves longitudinal outcomes for children with unilateral hearing loss
- List three benefits associated with consistent use of hearing technology on the language development of children with unilateral hearing loss
- Define listening effort as it pertains to school-aged children with unilateral hearing loss
- Define cognitive bias and identify how it can impact the diagnosis and management of unilateral hearing loss
- Compare and contrast the benefits across hearing technology options for unilateral hearing loss

## Continuing Education

### American Academy of Audiology

Children's Hospital of Philadelphia is approved by the American Academy of Audiology to offer Academy CEUs for this activity. The program is worth a maximum of 0.60 CEUs (0.50 CEUs are Tier 1 CEUs). Academy approval of this continuing education activity is based on course content only and does not imply endorsement of course content, specific products, or clinical procedure, or adherence of the event to the Academy's Code of Ethics. Any views that are presented are those of the presenter/CE Provider and not necessarily of the American Academy of Audiology.

Children's Hospital of  
Philadelphia, CCC

Intermediate Level  
0.6 ASHA CEUs

ASHA CE Provider approval and use of the Brand Block does not imply endorsement of course content, specific products or clinical procedures.

Instructional personnel disclosures, financial and non-financial, can be found at [chop.cloud-cme.com](http://chop.cloud-cme.com).

## Cancellation and Refund Policy

Children's Hospital of Philadelphia reserves the right to cancel or postpone any course due to any unforeseen circumstances. In the event of cancellation or postponement, The Children's Hospital of Philadelphia will refund any registration fees, less a \$40 service charge, but is not responsible for any related costs, charges or expenses to participants, including cancellation charges assessed by airlines or travel agencies.

In order to process refunds for course withdrawals, cancellation must be received in writing by March 1, 2022. No refunds will be issued thereafter.

## Services for People with Disabilities

If special arrangements are required for an individual with a disability to attend this meeting, please contact the Continuing Medical Education Department at 215-590-5263.

**Program • Friday, March 11, 2022** *(Eastern Standard Time)*

- 8 a.m.            Registration and Continental Breakfast
- 8:45 a.m.        Welcome and Introduction
- 9 a.m.            **The Judy Gravel Lecture**  
Using Audibility to Support Audiological Interventions for  
Children with Unilateral Hearing Loss  
*Ryan McCreery, PhD*
- 10 a.m.          Side Effects: Listening and Learning with One or Both Ears  
*Andrea Pittman, PhD*
- 11 a.m.          Break
- 11:15 a.m.       Listening-related Fatigue and Children with Unilateral Hearing Loss  
*Hilary Davis, AuD*
- 12:15 p.m.      Lunch
- 1:15 p.m.        Bone Conduction Hearing Devices for Unilateral Hearing Loss  
*Marlene Bagatto, AuD, PhD*
- 2:15 p.m.        Break
- 2:30 p.m.        Two-Year Outcomes Following Cochlear Implantation in  
Pediatric Unilateral Sensory Hearing Loss: Results from the  
Childhood Unilateral Hearing Loss (CUHL) Clinical Trial  
*Lisa Park, AuD*
- 3:30 p.m.        Grand Rounds: Unilateral Hearing Loss  
*Michael Jackson, AuD*  
*Laurie Mauro, AuD*  
*Sarah McKay, AuD*
- 4:30 p.m.        Closing Remarks and Adjourn

*Unless otherwise noted, faculty is from Children's Hospital of Philadelphia and the Perelman School of Medicine at the University of Pennsylvania.*
