CARDIOLOGY 2019

22nd Annual Update on Pediatric and Congenital Cardiovascular Disease

CHALLENGES, OPPORTUNITIES AND SOLUTIONS

Feb 13 – 17, 2019 chop.cloud-cme.com

Hyatt Regency Huntington Beach Resort and Spa, Huntington Beach, Calif.

Children's Hospital of Philadelphia®

Cardiac Center

WELCOME

Today's practice of pediatric and congenital cardiovascular medicine spans a wide spectrum of care both from the temporal perspective, as well as across a wide variety of disciplines. State-of-the-art management today not only includes proper treatment of the heart disease itself, but also better understanding and care strategies for the myriad consequences and associated challenges of congenital and pediatric heart disease.

With this approach in mind, we present our conference, the 22nd Annual Update on Pediatric and Congenital Cardiovascular Disease. Our theme this year is *Challenges, Opportunities and Solutions*. The course faculty will present multiple talks in plenary sessions, as well as presentations in subspecialty breakout sessions and a series of moderated panels of experts, covering all areas and topics related to the comprehensive care of the unborn, neonate, child, teen and young adult with cardiovascular disease.

Through effective learning and improved understanding, the goals of this educational conference are to give healthcare providers the tools necessary to create a normal quality and duration of life for individuals with pediatric and congenital cardiovascular disease.

GENERAL INFORMATION

Topics will include:

- Tackling challenges and finding solutions for conditions our patients face on a daily basis
- · Exploration and wonder of the lymphatic system
- Heart care before birth
- · Exercise and sudden cardiac death in the young
- · The brain and CHD
- Bringing innovation to CHD care
- A 40-year retrospective on hypoplastic left heart syndrome
- · Focus on specific conditions such as pulmonary atresia, double-outlet right ventricle - and more

Other benefits of attending include:

- Special sessions for nursing, perfusion specialists and healthcare administrators
- Preconference sessions on quality improvement, mechanical circulatory support, and intense CHD primers for nurses and frontline providers
- Opportunities to network and enjoy southern California's attractions: Disneyland, Knott's Berry Farm, whale watching, beach activities and more
- 5K Heart Fun Run and, new this year, Yoga for Your Heart on the beach
- · More than 30 credits for physicians, nurses and perfusion specialists

CALL FOR ABSTRACTS

Abstract Submission Deadline: Monday, Nov. 19, 2018 (11:59 p.m. EST)

Notification of Acceptance: Monday, Dec. 10, 2018

Oral Abstract Presentations: Thursday, Feb. 14

Poster Abstract Presentations: Thursday, Feb. 14, through Saturday, Feb. 16, 2019

Registration

The conference will be held Wednesday, Feb. 13, through Sunday, Feb. 17, 2019, at the Hyatt Regency Huntington Beach Resort and Spa, Huntington Beach, Calif. Registration is Wednesday, Feb. 13, from 6:30 a.m. to 6 p.m., and Thursday, Feb. 14, from 6:30 a.m. to 6 p.m.

Course Objectives 2019

At the completion of this program, the participant will be

- · Describe the science and knowledge base of information that support clinical practice for the patient with pediatric and congenital cardiovascular disease
- · Outline some of the latest innovations and their potential for changing care in pediatric and congenital cardiovascular disease
- · Understand the concepts of mechanical circulatory support and heart failure in pediatric and congenital cardiovascular
- Understand the emerging role of the lymphatic system in congenital heart disease
- · Appreciate the importance of psychological wellness and neurocognitive challenges in patients with congenital heart disease
- · Review the risks and benefits of physical activity in congenital heart disease
- Describe management and outcomes for complex congenital heart disease
- Find answers to many questions related to the clinical care of patients with congenital heart disease
- Understand the principles behind the novel and emerging field of heart care before birth
- · Describe the latest research in diagnostic testing for congenital heart disease
- Discuss the latest concepts and treatment strategies for the premature infant with heart disease
- · Comprehend the emerging recognition of complications and identify solutions for the patient after Fontan operation
- Understand the newest concepts in anesthesia and critical care for the pediatric and congenital cardiovascular patient
- · Discuss the latest techniques and developments in the field of pediatric cardiovascular perfusion
- · Understand the underlying principles and best practices for post-operative care by nurses and other front-line providers for the neonate with congenital heart disease
- Explain the challenges and solutions in caring for the patient with hypoplastic left heart syndrome

Course Fees

The registration fee for the five-day conference is \$995 for physicians and \$595 for other healthcare professionals and physicians-in-training. The registration fee includes tuition, online presentations, daily continental breakfast, lunch and conference gala reception.

Full Conference: Wed., Feb. 13, 4 p.m. to Sunday, Feb. 17, noon

Physicians\$999	Э
Nurses, Medical Students, Residents, Fellows and	
Other Healthcare Professionals\$59	5

Optional Preconference Seminars

You must be registered for the full conference to register for a preconference.

1				
No. 1: We Collaborate, We Learn and Our Patients Benefit:				
Quality Improvement in Pediatric and Congenital				
Cardiovascular Care\$150

ACCME Accreditation Statement

Children's Hospital of Philadelphia is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

AMA Credit Designation Statement

Children's Hospital of Philadelphia designates this live activity for a maximum of 36.25 *AMA PRA Category 1 credits*TM. Physicians should only claim credit commensurate with the extent of their participation in the activity.

AMA PRA Category 1 credits[™] are designated as follows:

Wednesday, Feb. 13, 2019

Optional Preconference Seminars - 7:30 a.m. to 3:30 p.m.

No. 1: We Collaborate, We Learn and Our Patients Benefit: Quality Improvement in Pediatric and Congenital Cardiovascular Care = 6
No. 2: Heart Failure & Mechanical Circulatory Support in
Pediatric and Congenital Cardiovascular Care = 6.25
No. 3: Congenital Heart Disease and Postoperative Management:
A Comprehensive Review for Nursing and Front-line Providers = 7.5

Main Conference: Wednesday, Feb. 13, 4 p.m. to Sunday, Feb. 17, 2019, noon

Total AMA PRA Category 1 credits™= 30

American Board of Pediatric Maintenance of Certification (MOC) Lifelong Learning Self-Assessment (Part 2)

Successful Completion of this CME activity, which includes participation in the activity, with individual assessments of the participant and feedback to the participant, enables the participant to earn 19 MOC points in the American Board of Pediatrics (ABP) Maintenance of Certification (MOC) program. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABP MOC credit.

Nursing Accreditation Statement

Children's Hospital of Philadelphia is an approved provider of continuing nursing education by the Pennsylvania State Nurses Association Approver Unit, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation.

Perfusion Accreditation Statement

An application for CEU Category 1 hours will be submitted.

Services for People with Disabilities

If special arrangements are required for an individual with a disability to attend this meeting, please contact the Continuing Medical Education Department at 215-590-5263

Cancellation and Refund Policy

Children's Hospital of Philadelphia reserves the right to cancel or postpone any course due to unforeseen circumstances. In the event of cancellation or postponement, Children's Hospital of Philadelphia will refund registration fees but is not responsible for any related costs or charges assessed by airlines and travel agencies. In order to process refunds for course withdrawals, cancellations must be received in writing by Monday, Jan. 28, 2019. Refunds will be issued for the amount of registration less a \$100 service charge.

Hotel Information

A block of rooms has been reserved at the Hyatt Regency
Huntington Beach Resort and Spa in Huntington Beach, Calif.
The group rate is \$299 single or double occupancy plus a 13 percent room tax, 7 percent sales tax and 3.33 percent HB assessment tax.
Participants must reserve their own hotel accommodations by calling 714-698-1234. To reserve your hotel room online, go to https://www.hyatt.com/en-US/group-booking/HUNRH/G-CHOP.

For the reduced conference rate, mention the CHOP Pediatric Cardiology Conference when making your reservation. The conference rate begins Monday, Feb. 11, 2019. This rate will only be available until Jan. 18, 2019. Reservations made after Jan. 18 will be accepted on space and rate availability.

PRECONFERENCE PROGRAM

WEDNESDAY, FEB. 13

Optional Preconference No. 1

We Collaborate, We Learn and Our Patients Benefit: Quality Improvement in Pediatric and Congenital Cardiovascular Care

Moderators: Shobha Natarajan, MD; Jeffrey Anderson, MD

8 a.m. Introduction to QI Science and Principles

Jeffrey Anderson, MD

8:30 a.m. Data and Registries in Congenital Heart Care

 $Sara\, Pasquali, MD$

9 a.m. The NPC-QIC

Gail Wright, MD

9:20 a.m. PC3

Susan Schachtner, MD

9:40 a.m. Break

10 a.m. IMPACT Registry

Jonathan Rome, MD

10:20 a.m. Single Ventricle/Fontan

Adel Younoszai, MD

10:45 a.m. ECHO

Anitha Parthiban, MD

11:05 a.m. Fetal

Jay Pruetz, MD

11:25 a.m. CLABSI Reduction in the Cardiac ICU

Marissa Brunetti, MD

11:45 a.m. Questions & Answer

Faculty

12:15 p.m. Lunch

12:30 p.m. Building a Comprehensive QI Effort:

The CHOP Cardiac Center Experience

Shobha Natarajan, MD

1 p.m. What Is Value in CHD Care?

Stephen Roth, MD

1:30 p.m. Quality Improvement Roundtable discussion

Shobha Natarajan, MD; Jeffrey Anderson, MD;

Sara Pasquali, MD; Gail Wright, MD; Susan Schachtner, MD; and Faculty

3 p.m. Adjourn

Optional Preconference No. 2

Heart Failure and Mechanical Circulatory Support in Pediatric and Congenital Cardiovascular Care

Moderators: Kurt Schumacher, MD; Kimberly Lin, MD

8 a.m. How Does the Heart Fail I: Primary

Cardiomyopathies in Children

Steven Lipshultz, MD

8:20 a.m. How Does the Heart Fail II: Freidrich's Ataxia

and Duchenne Muscular Dystrophy

Kimberly Lin, MD

8:40 a.m. How Does the Heart Fail III: Cardiovascular

Complications of Hemoglobinopathies

John Wood, MD

9 a.m. Introduction to the Surgical Aspects: ECMO vs.

VAD(s) – What Are the Differences?

Joseph Turek, MD

9:20 a.m. The Indications for Mechanical Circulatory

Support: When Is it Time to "Go on" Support?

Joseph Rossano, MD

9:40 a.m. Break

10 a.m. The Spectrum of Devices in 2019: What's

Available and When to Use Which Device?

Christopher Mascio, MD

10:20 a.m.	Experience with the Berlin Heart Jondavid Menteer, MD		Optional Preconference No. 3 Congenital Heart Disease and Postoperative Management:	
10:40 a.m.	Challenges and Limitations in Imaging the Heart While on ECMO or Mechanical Circulatory Support Michael Quartermain, MD	A Comprehensive Review for Nursing and Front-line Providers Moderators: Kathryn Dodds, MSN, CPNP; Ellize Ergina, MSN, CPNP; Lisa Ladish, DNP, CPNP; Theresa Alquiros, MSN, CPN		
11 a.m.	Antithrombotic Therapy While on Mechanical Circulatory Support	7:30 a.m.	Understanding Segmental Cardiac Anatomy Paul Weinberg, MD

11.20 a.m.	Patient on Mechanical Circulatory Support to Heart Transplantation: Surgical Perspective	8 a.m.	Open Heart Surgery: CPB, X Clamp, Circulatory Arrest $\it Christopher Mascio, MD$	
11:40 a.m.	Jonathan Chen, MD Challenges and Solutions in Bridging the Pediatric Patient on Mechanical Circulatory Support to Heart Transplantation: Transplant Cardiologist Perspective Kurt Schumacher, MD	8:20 a.m.	ICU Management Issues and Concerns Maryam Naim, MD	
		8:45 a.m.	Break	
		9 a.m.	ECHO: Effusions, Function, Obstruction, Regurgitation, Thrombus and Holes	
Noon	Faculty Panel Q & A		David Goldberg, MD	
-	Lunch :: Paul Kantor, MBBCh; Joseph Rossano, MD	9:15 a.m.	What the Chest X-ray Can and Cannot Show You <i>Aaron DeWitt, MD</i>	
12:45 p.m.	Myocardial Remodeling in Mechanical Circulatory Support	9:30 a.m.	How to Decipher Cardiac Catheterization Data $Andrew\ Glatz, MD$	
1.05	Shelley Miyamoto, MD	9:45 a.m.	Postoperative Arrhythmias: SVT, JET, Heart Block, VT <i>Maully Shah, MBBS</i>	
1:05 p.m.	Destination Therapy for Mechanical Circulatory Support in Pediatrics: Is It a Reality? TBD	10 a.m.	ECMO and Mechanical Support in Children with CHD Chitra Ravishankar, MD	
1:25 p.m.	Home: Outpatient Experience with Mechanical Circulatory Support in Pediatrics	10:15 a.m.	Sedation and Pain Management after Cardiac Surgery $Aaron DeWitt, MD$	
1:40 p.m. Unique Challenges What Might Be the	Karen McCandless, MSN, CRNP	10:30 a.m.	Break	
	Unique Challenges in the Fontan Circulation: What Might Be the Solution? Mark Rodefeld, MD	10:40 a.m.	Anatomy/Morphology – Paul Weinberg, MD	
2 p.m.	Case-based Scenarios in Mechanical Circulatory Support Matthew O'Connor, MD; Jondavid Menteer, MD; and Christina Vanderpluym, MD		Surgery – <i>Gary Raff, MD</i> Postoperative Care and Outcomes – <i>Ellize Ergina, MSN, CPNP</i>	
		11 a.m.	Complete Common Atrioventricular Canal Defect	
3 p.m.	Adjourn		Anatomy/Morphology – Paul Weinberg, MD Surgery – James E. O'Brien, MD Postoperative Care and Outcomes – Lisa Laddish, DNP, CPNP	
			continued>	

CONFERENCE PROGRAM

11:20 a.m. Tetralogy of Fallot

Anatomy/Morphology - Paul Weinberg, MD

Surgery – James E. O'Brien, MD
Postoperative Care and Outcomes

Lisa Laddish, DNP, CPNP

11:40 a.m. Truncus Arteriosus

Anatomy/Morphology - Paul Weinberg, MD

Surgery – Gary Raff, MD

Postoperative Care and Outcomes Kathryn Dodds, MSN, CPNP-AC

Noon D-Transposition of the Great Arteries

Arterial Switch Anatomy/Morphology

Paul Weinberg, MD

Surgery – Christopher Mascio, MD Postoperative Care and Outcomes Kathryn Dodds, MSN, CPNP-AC

12:20 p.m. Lunch

12:40 p.m. Total Anomalous Pulmonary Venous Return

Anatomy/Morphology – Paul Weinberg, MD

Surgery – *James E. O'Brien, MD* Postoperative Care and Outcomes *Ellize Ergina, MSN, CPNP*

1 p.m. Coarctation

Anatomy/Morphology - Paul Weinberg, MD

Surgery – Gary Raff, MD

Postoperative Care and Outcomes

Lisa Laddish, DNP, CPNP

1:15 p.m. Single Ventricle: Stage 1, Bidirectional Glenn, Fontan

Anatomy/Morphology – Paul Weinberg, MD

Surgery – Christopher Mascio, MD Postoperative Care and Outcomes Kathryn Dodds, MSN, CPNP-AC

2:15 p.m. Discharge Planning and Home Monitoring

Theresa Alquiros, MSN, CPN

2:30 p.m. Behavioral and Developmental Concerns in CHD

Daniel Licht, MD

2:45 p.m. Growing Up with Congenital Heart Disease

Yuli Kim, MD

3 p.m. Q & A 3:30 p.m. Adjourn

Opening Plenary Session I: 4 – 6:50 p.m.

4 p.m. Opening Remarks – Jack Rychik, MD

Challenges and Opportunities: Tackling the Problem of ...

Moderators: Joseph Rossano, MD; Jonathan Chen, MD

4:05 p.m. Optimizing Healthcare for Children

in a Changing Environment:

The Children's Hospital Association

Amy Knight

4:25 p.m. Bringing Personalized Medicine to

Congenital Heart Care

James Priest, MD

4:45 p.m. Bringing "Artificial Intelligence"

and Machine Learning into the

Practice of Medicine Anthony Chang, MD

5:05 p.m. Finding Solutions for a Challenging

Condition: Neonatal Ebstein's Anomaly

Vaughn Starnes, MD

5:25 p.m. The Fontan Conundrum(s)

YOGA FOR YOUR HEART (AND MIND) Saturday 6:15 – 7:30 a.m.

Where: Huntington Beach

Fee: \$10

Plenary Session V: 8 - 10 a.m.

Awards and Featured Lectures

8 a.m. 11th Annual Jack Downes Lecture in Cardiac Anesthesia and Critical Care

Introduction: James Steven, MD

Randall Wetzel, MBBS

8:20 a.m. 8th Annual Featured Lecture in the

Cardiovascular Basic and Translational

Sciences

Introduction: David Frank, MD, PhD

Cecilia Lo, PhD

8:40 a.m. 19th Annual Featured Lecture in

Cardiovascular Nursing: T. Garrett Rauch

Memorial Lecture

Introduction: Denise Donaghue, RN, MSN

Nancy Pike, PhD

9 a.m. 17th Annual William J. Rashkind Memorial

Lecture in Pediatric Cardiology Introduction: Joseph Rossano, MD

Girish Shirali, MBBS

9:20 a.m. 19th Annual C. Walton Lillehei Memorial

Lecture in Cardiovascular Surgery Introduction: J. William Gaynor, MD

 ${\it Jonathan Chen, MD}$

9:40 a.m. Presentation of the Outstanding

Investigator and Nursing Scientist Awards

David Goldberg, MD, and Kathryn Dodds, MSN, CRNP-AC

10 a.m. Adjourn

Break/Visit the Exhibits 10 - 11 a.m.

Poster Session No. 3

Jill Combs, MSN

Simultaneous Breakout Sessions 11 a.m. – 1 p.m.

NURSING: Nursing Challenges and Opportunities: Case Presentations

Moderators: Denise Donaghue, MSN; Melanie Guerrero, DNP

Join the nursing faculty in a presentation of challenging cases that highlight the importance of working as a team. Karen McCandless, MSN, CRNP; Stacy Reynolds, DNP, CPNP; Erin Messing, MSN, CPNP; Erin Pinto, MSN, CRNP; Connie Cephus, PhD, CPNP; Kathryn Dodds, MSN, CRNP; and Focus on: Pulmonary Atresia with Intact Ventricular Septum Moderators: Jonathan J. Rome, MD; Craig Fleishman, MD

11 a.m. Anatomy – Paul Weinberg, MD

11:20 a.m. Imaging: Prenatal and Neonatal Preop

Michael Puchalski, MD

11:40 a.m. Catheter-based Therapies – Christopher Petit, MD

Noon Surgical Therapies – James St. Louis, MD

12:20 p.m. Intermediate and Long-term Outcomes

Craig Fleishman, MD

12:40 p.m. Faculty Panel Discussion Q & A

1 p.m. Adjourn

The Brain in CHD: Fetus to Adult

Moderators: J. William Gaynor, MD; David Goldberg, MD

11 a.m. Fetal Origins of Neurocognitive Deficits in CHD

Shabnam Peyvandi, MD

11:15 a.m. Blood Flow Patterns and Oxygenation in the

Fetus with CHD – Vibeke Hjortdal, MD, PhD

11:30 a.m. Impaired Cerebral Autoregulation in the Neonate

with CHD - Jodie Votava-Smith, MD

11:45 a.m. Structural and Functional Abnormalities of the

CNS in the Newborn with Child CHD - Daniel Licht, MD

Noon What Are the Modifiable Factors to Neurocognitive

Deficit in CHD? – J. William Gaynor, MD

12:15 p.m. $\,\,$ Blood Flow to the Brain in the Reconstructed Single

Ventricle: What We have Learned from Serial MRI

Mark Fogel, MD

12:30 p.m. Neurocognitive Deficits in the Adolescent and

Adult with CHD – Nancy Pike, PhD

 $12{:}45~\mathrm{p.m.}$ Can Psychological Care Make a Difference in

Congenital Heart Health? – Nadine Kasparian, PhD

1 p.m. Adjourn

The Premature Infant with Cardiovascular Disease

$Moderators: Andrew\ Costarino,\ MD;\ Alan\ Friedman,\ MD$

11 a.m. The Patent Ductus Arteriosus: Gauging Impact and Strategies for Closure – *Alan Friedman, MD*

11:15 a.m. $\;\;$ Lung Disease and Pulmonary Hypertension in the

Premature Infant – David Frank, MD, PhD

11:30 a.m. Comprehensive Care Outside of the Heart: Supporting

the Premature Organ Systems When There Is CHD

Natalie Rintoul, MD

 $11:45 \ a.m. \quad Unique \ Aspects \ of \ Nursing \ Care \ for \ the \ Premature$

Infant with CHD – Megan Steigerwalt, BSN, RN

Noon Ventilatory Strategies in Prematurity

Andrew Costarino, MD, MSCE

12:15 p.m. Surgery for the Premature Infant with CHD:

Operate or Wait? - Christopher Caldarone, MD

12:30 p.m. Outcomes for the Premature Newborn with CHD

David Axelrod, MD

12:45 p.m. Faculty Panel Discussion Q & A

1 p.m. Adjourn

What Everyone Ought to Know about ECMO in the Current Era

Moderators: Chelsea Capone, CCP, FPP; Molly Dreher, MA, CCP

11 a.m. Alternative Anticoagulation for ECMO

Myke Federman, MD

11:20 a.m. Cardiohelp Use in Children: The CCHMC Experience

James Reagor, CCP

11:40 a.m. ECMO in the Current Era of the Pediatric ICU

Marissa Brunetti, MD

Noon Timing and Optimization for Separating from ECMO

Maryam Naim, MD

12:20 p.m. Practice Makes Perfect: Drills and Simulation

Kim Delacruz, CCP

12:40 p.m. Faculty Panel Discussion Q & A

1 p.m. Adjourn

1 - 2 p.m. Boxed Lunch

1:15-1:45 p.m. Lunchtime Roundtable 1: Genetic Testing for CHD:

Time to Incorporate into Standard Clinical Care (Brief Presentation and Roundtable Discussion)

Elizabeth Goldmuntz, MD, and James Priest, MD

1:15-1:45 p.m. Lunchtime Roundtable 2: Telemedicine in

Pediatric and Congenital Cardiovascular Health (Brief Presentation and Roundtable Discussion)

Mark Lewin, MD, and Gary Satou, MD

1:15-1:45 p.m. Lunchtime Roundtable 3: Early Signs of Adult

Onset Cardiovascular Disease in the Young (Brief Presentation and Roundtable Discussion) Steven Lipshultz, MD, and Jonathan Wagner, MD

1 – 2 p.m. Special Nursing Buffet Lunch

Sponsored by

2 - 3:30 p.m. Moderated Panel of Experts:

Innovation in CHD: How to Promote it?

How to Bring it into the Realm of Clinical Care?

What Is Innovation in Pediatric and Congenital

 ${\bf Cardiovascular\, Disease-Anthony\, Chang,\, MD\, (Session\, Leader)}$

Industry Search for Innovation – Jacqueline Phillips, MD

Pacing Technology - Yaniv Bar-Cohen, MD

Virtual Reality - David Axelrod, MD

Novel Catheter-based Ideas - Yoav Dori, MD, PhD

Surgical Innovation - Richard Ohye, MD

Innovations in Heart Transplantation - Joseph Turek, MD

Roundtable Discussion - Faculty Panel

3:30 - 3:45 p.m. Break

Plenary Session VI: 3:45 - 5:45 p.m.

What Influences Outcomes in Pediatric and Congenital Cardiovascular Disease?

Moderators: Adel Younoszai, MD; Stephen Roth, MD

3:45 p.m. Genomics and Personalized Medicine:

Statin Use in the Young Jonathan Wagner, DO

4 p.m. The Maternal-fetal Environment

J. William Gaynor, MD

4:15 p.m. Operational Variables: The Individual

Healthcare Provider, the Team, the

Institution and the System Christopher Caldarone, MD

4:30 p.m. Early Healthcare Exposures and Experiences

Amy Jo Lisanti, PhD

4:45 p.m. A Healthy Lifestyle: Obesity and Overweight

Meryl Cohen, MD

5 p.m. Socioeconomic Status and Resource Availability

Shaine Morris, MD

5:15 p.m. A Model: Factors Impacting Outcomes in TOF

Elizabeth Goldmuntz, MD

5:30 p.m. Psychological Resilience

Adrienne Kovacs, PhD -- 5:45 Adjourn

5:45 p.m. Adjourn

5:45 – 6:30 p.m. Highlighted Poster Session: Wine and Wisdom

Come review the science and meet the presenters of our fine selection of superb poster abstracts for the discerning mind!

6:30 p.m. Adjourn

SUNDAY, FEB. 17

Plenary Session VII: 7 – Noon					
Hypoplastic Left Heart Syndrome: 40 Years Modera	Moderators: Chitra Ravishankar, MD; Yuli Kim, MD				
of Challenges, Opportunities & Solutions – 9:15 a.r Fetus to Adult	m. Interstage Monitoring: Yes, it Makes a Difference! Therese Giglia, MD				
Moderators: Jack Rychik, MD; James Tweddell, MD 9:25 a.i	Feeding Challenges and Growth				
7 a.m. Anatomical Variability of Left Ventricular Inadequcy 9:35 a.1 Paul Weinberg, MD	Chitra Ravishankar, MD m. Strategies for Stage II Bidirectional Glenn and Fontan Completion				
7:15 a.m. The Complex Genetics of HLHS	Christopher Mascio, MD				
7:30 a.m. Fetal Diagnosis of HLHS and the Diagnostic Challenges of Borderline LV Inadequacy	m. Failure (at Any Stage) and the Role of Mechanical Circulatory Support Kimberly Lin, MD				
Michael Puchalski, MD 10 a.m.	After Planned Surgeries, There Is Still Work				
7:45 a.m. Catheter-based Intervention in the Fetus with HLHS: Are Outcomes Improved	to be Done: Catheter Interventions Andrew Glatz, MD				
Through Fetal Intervention? 10:15 a. Anita Moon-Grady, MD	to be Done: Medical Therapies				
8 a.m. Surgical Strategies for Reconstruction: Options in 2019 and How to Choose? 10:30 a James Tweddell, MD	David Goldberg, MD n.m. After Planned Surgeries, There Is Still Work to be Done: Is Transplantation the Anticipated				
8:15 a.m. Ethical Challenges: When and How to Stand Down	"Stage 4" in All? Kurt Schumacher, MD				
Aaron DeWitt, MD 10:45 a	.m. Faculty Panel Discussion Q & A				
8:25 a.m. Intensive Care for the Sick Neonate 11 a.m. with HLHS Before and After Surgery:	Surveillance and Care: The Early (Wonder) Years Adel Younoszai, MD				
Physician Perspective 11:10 a. Sarah Tabbutt, MD	m. Surveillance and Care: The Challenges of Adulthood <i>Yuli Kim, MD</i>				
8:35 a.m. Intensive Care for the Sick Neonate with HLHS Before and After Surgery:	.m. Stem Cells: Hope or Hype? Ram Subramanyan, MD, PhD				
Nurse Perspective Margaret Cates, RN, BSN 11:45 a.	.m. The Vision: Where to Next for HLHS? What Still Needs to Get Done				
8:45 a.m. Faculty Panel Discussion Q & A	Needs to Get Done Jonathan Chen, MD				
9 a.m. Break Noon	Adjourn
