# Welcome

On behalf of the organizing committee — and the Trauma Programs from Children’s Hospital of Philadelphia, Children’s Hospital of Pittsburgh of UPMC and St. Christopher’s Hospital for Children — we invite you to exhibit at the 20th Annual John M. Templeton Jr. Pediatric Trauma Symposium. The Symposium will take place Friday and Saturday, March 6 – 7, 2020, at The Union League of Philadelphia.

Since its inception in 2001, the John M. Templeton Jr. Pediatric Trauma Symposium has grown to be a nationally recognized resource for cutting-edge as well as basic multidisciplinary pediatric trauma education — a one-of-a-kind conference! Recently this conference has attracted healthcare professionals from 47 states and seven additional countries.

The two-day course gives you the opportunity to meet physician and nursing leaders in pediatric trauma as well as other staff members who are passionate about trauma and will carry innovative concepts back to their hospitals. The multidisciplinary audience includes pediatric and adult trauma surgeons, emergency medicine physicians, trauma medical directors, trauma program managers, nurses and advanced practitioners from emergency departments, intensive care units, perioperative departments, medical-surgical units and rehabilitation centers.

Please contact us to reserve your space as soon as possible.

## Why Exhibit at the Templeton Trauma Symposium?

“The Templeton Trauma Symposium provides an excellent opportunity to meet with many of the clinicians who have supported our products over the years. It has also been a great venue to speak with key opinion leaders from hospitals that were using a competitive product. Aspen Medical Products is very proud to be one of the longest-running sponsors of the Templeton Trauma Symposium.”

*Chris Burdell*

*Territory Manager*

*Aspen Medical Products*

“The Templeton Conference consistently brings a multidisciplinary group together to discuss cutting-edge approaches to pediatric trauma care. It consistently adds to my practice guidelines with new, thoughtful and evidence-based algorithms and debunks trauma dogma every year.”

*Michael Hirsch, MD*

## Profile of Attendees

Join national leaders in the field of pediatric trauma. The annual Templeton Trauma Symposium attracts healthcare professionals involved in the care of injured children from across the United States.

International attendees have come from Argentina, Australia, Canada, Denmark, England, Saudi Arabia and Switzerland.
